

Roads adapted with a Center Line Shift System

○ Route 507, Route 330 (from Kokuba Int. to Asahimachi Int. in Naha City)

During the morning bus lane hours (07:30 to 09:00), as the center line shifts, the road splits into a three-lane in the direction of Kokuba to Asahimachi, and a one-lane in the direction of Asahimachi to Kokuba.

○ Route 29 (Matsugawa Int. to Asato Int. in Naha City)

Due to this irregular three-lane two-way zone, as the center line shifts, the road splits into a two-lane in the direction of Matsugawa to Asato T-junction during the designated hours (06:00 to 17:30), and switches to the direction of Asato T-junction to Matsugawa during the hours (17:30 to 06:00).

★ On the roads where a Center Line Shift System is adapted, please be aware that signs and luminous rivets (blinking lights attached to the road) are displayed on the center line during the shifting hours.

For questions concerning the Center Line Shift System, please contact the nearest Traffic Section of Police Station, or the Traffic Regulation Division of Okinawa Prefectural Police HQ.

Okinawa Prefectural Police HQ (Main switchboard) 098-862-0110
