High-Risk location You Should Know About

Drive Carefully on your Way to Popular Tourist Areas!

Protected by AI: Your Journey in Okinawa

Using AI, we have visualized locations where **rental-car accidents are more likely to occur**, based on the data below.

5

High-Risk Location

Detail Guide

We introduce five locations to be particularly careful of when **traveling to popular destinations** such as Shuri Castle and Kokusai Street.

1 Kokusai Street Area

This area has **very heavy pedestrian and vehicle traffic**, and collisions with parked vehicles are common. Unexpected pedestrian crossings may occur—**slow down and proceed carefully while paying attention to your surroundings**.

Kokusai Street

2 Near Asahibashi Station

There are several intersections without **traffic signals** in this area, increasing the risk of cross-traffic collisions. Traffic volume is high and there are multiple lanes, so **please confirm safety in all directions before proceeding**.

Kokusai Street

Shuri Castle

American Village

Naminoue Shrine

3 Kumoji Intersection

This is a **high-accident area** with very heavy traffic. During traffic jams, be careful of **collisions caused by inattention**, and **watch out for accidents when changing lanes**.

Kokusai Street

Shuri Castle

American Village

4 Near Akamine Intersection

Vehicles can **pick up speed** because of the slope in this area. With many nearby facilities, there is also **heavy pedestrian and traffic**. Drive at a safe speed and **be prepared for contact collisions**.

Peace Memorial Park

Umikaji Terrace

Nakachi IC

Naha Airport

5 Asato Overpass

This is also a downhill and traffic-heavy area, therefore you can **gain speed** easily. **Maintain safe speed and keep sufficient following distance** since there is a merging point as well.

Shuri Castle

DFS NAHA OKINAWA

Okinawa Yuimaru Project
